PROFESSIONAL SUMMARY

Computer Science and Engineering student with practical experience in Full Stack Development, MERN Stack, and Python gained through internships and projects. Proficient in HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, and MySQL. Skilled in building responsive web applications and REST APIs. Seeking an entry-level Software Developer role to apply technical knowledge and contribute to innovative software solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering

The Kavery Engineering College | 2023 – Present | Expected Graduation: 2027 | CGPA: 7.70/10

Higher Secondary Certificate (HSC)

Ganga Kaveri Matric Higher Secondary School | State Board | 2023 | 62.5%

TECHNICAL SKILLS

Programming Languages: Python, JavaScript

Frontend: HTML5, CSS3, Bootstrap, React.js

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Figma, Vercel, Render

PROJECTS

CodeFlow Visualizer

Tech Stack: React.js, Vite, Node.js, Express.js, MongoDB, REST APIs

- Developed and deployed a multi-language code execution visualizer supporting JavaScript, Python, Java, and SQL.
- Designed a standardized execution-trace system to visualize variables, arrays, stacks, functions, call stacks, control flow, console output, and SQL operations step by step.
- Added JWT authentication, saved projects, execution history, and progress tracking for learners.
- Deployed using Vercel, Render, Docker, and MongoDB Atlas in production.

College Result Portal

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, REST API

- Developed a full-stack web application for publishing and managing student examination results.
- Implemented secure JWT-based authentication with separate student and administrator access.
- Built RESTful APIs for result management and integrated MongoDB for efficient data storage.
- Deployed the frontend on Vercel and integrated it with the backend for seamless user experience.

Personal Portfolio Website

Tech Stack: HTML5, CSS3, JavaScript

- Designed and developed a responsive personal portfolio website to showcase projects, internships, and technical skills.
- Implemented a modern user interface with smooth navigation and mobile-first responsive layouts.
- Optimized page structure and performance using semantic HTML and reusable CSS components.
- Deployed the website on Vercel with automatic deployment through GitHub.

INTERNSHIP EXPERIENCE

Full Stack Development Intern

NoviTech R&D Private Limited | Aug 2025 – Sep 2025

- Gained hands-on experience in MongoDB, Express.js, React.js, and Node.js through live practical sessions.
- Developed full-stack web applications and implemented CRUD operations using the MERN Stack.
- Learned REST API development, frontend-backend integration, and version control using Git and GitHub.

MERN Stack Intern

Aalan Infotech, Salem | Dec 2025 – Jan 2026

- Learned the fundamentals of MongoDB, Express.js, React.js, and Node.js through practical sessions.
- Built basic full-stack web applications and implemented CRUD operations using the MERN Stack.
- Gained practical knowledge of REST APIs, frontend-backend integration, and database management.

Python Intern

Imagecon India Private Limited, Salem | Jul 2025

- Learned Python programming fundamentals through mentor-guided practical sessions.
- Contributed to a project titled "Revolutionizing Healthcare Insights Through Python."
- Strengthened programming and problem-solving skills through guided exercises and project activities.
